Educated Pass

“If Educated Pass inspires just one child every year to think differently about their future, then it will have been worth it. Without it, horizons are narrower and aspirations less ambitious, and our society less diverse and more restricted.”

“The guys were great with the kids and kept them engaged, and they thoroughly enjoyed it. My son is thinking of uni already.”
Educated Pass

“Educated Pass provided perspective which was very interesting ... [it highlighted] the importance of education”

“It made us aware of different career paths that are possible in relation to football, other than premier league goal scoring”
Educated Pass

- 61% of EP participants stayed on at school until the end of S6
- 38% of EP participants who completed S6 progressed to Higher Education
- 98% of EP cohort went on to positive destinations after school
Educated Pass

What’s next

- Work with youth football clubs in Lanarkshire
- Target areas of the curriculum where there is low male participation
- Reconfigure football MOOC to provide a football-focused programme to re-engage adults in education
