

The Scottish Funding Council (SFC) logo guidelines

Thank you for requesting the Scottish Funding Council logo to acknowledge our funding or support for your project.

We normally supply the logo in a high-res jpg format; however it is also available in eps format. The logo is available in colour, black or white and in English and Gaelic.

A clear area should be maintained around the logo. The capital 'S' character can be used to gauge the size of the exclusion zone.

To ensure the strapline below the logo is clear, the width of the logo should be no smaller than 50mm, and for the Gaelic version no smaller than 68mm.

50mm

68mm

The logo colours are:

PMS 2593 (purple)

PMS 7467 (blue)

If you have any difficulties in applying this logo please contact [SFC's communications team](#).
