Lively discussions between researchers of [@N8research](#) & [#ARUA](#) universities at the [#ARUAN8](#) workshop [@univofghana](#).

Delegates discuss the big [#globalchallenges](#) research questions that need answering.

Great that [@walkerlain](#) of [@UKinGhana](#) joined us! 🇬🇭

A hand in a suit sleeve holds a smartphone. The phone's screen shows a social media interface with a play button icon. Overlaid on the phone and extending outwards is a network of stylized human icons connected by dashed lines. Various icons like speech bubbles, a music note, a lightbulb, a magnifying glass, a star, a Wi-Fi symbol, and an envelope are scattered around the network. The background features a large, faint Twitter bird silhouette.

SUSTAINABLE DEVELOPMENT GOALS

1. A picture tells a story.

2. Take opportunities as they come.

3. Join the dots – individuals, institutions, media.
