National policy: Further Education Discretionary Fund AY 2021-22

Introduction

1. This document sets out the conditions for use by colleges of the Further Education Discretionary Fund (FEDF) allocated by the Scottish Funding Council (SFC) for Academic Year (AY) 2021-22.

2. The FEDF is cash-limited and discretionary. Students who are eligible for support from these funds are not automatically entitled to this support.

Policy changes for AY 2021-22

3. In recognition of the impact the COVID-19 pandemic continues to have on students’ finances and following discussions with college representatives, the removal of the £4,000 limit per student on discretionary awards will continue in AY 2021-22. We have included additional wording on the removal of the £4,000 cap to reflect this change in the policy. This is also reflected in the Student Support FAQs published on SFC’s dedicated COVID-19 website.

Purpose of FEDF

4. The FEDF is primarily for emergency use and instances of financial hardship. The Fund is intended to:

- Provide financial help to students whose access to or continuation in, Further Education (FE) may be inhibited by financial considerations.

  OR

- Where students, for whatever reasons, including physical or other disabilities, face financial difficulties.

5. The FEDF must be used by colleges for student support purposes, in accordance with this policy. Colleges should also comply with any changes made to this policy or any supplementary guidance SFC may issue.

Legislative context

6. Colleges should follow all applicable legislation.

7. College governing bodies have the power under section 12(2)(c) of the Further and Higher Education (Scotland Act) 1992 and section 12(B) of the Further and Higher Education (Scotland) Act 2005 to provide students of their college such assistance of a financial or other nature as they consider appropriate.
8. It is a condition of the Education (Access Funds)(Scotland) Direction 2021 that SFC shall administer student support funds, in conjunction with the fundable bodies, in accordance with the requirements of section 73ZA (1)(a) of the Education (Scotland) Act 1980, the Education (Access Funds)(Scotland) Regulations 1990, the Education (Access Funds)(Scotland) Determination 2021.

Student eligibility for FEDF

Course type and level

9. The FEDF is for students undertaking SFC-fundable non-advanced courses, who have reached their statutory school leaving age. For an explanation of ‘SFC Fundable’ please refer to SFC’s Credit Guidance.

10. Under no circumstances can a college use the FEDF for:

- Students on advanced education courses.
- Students who are below their statutory school leaving date, as defined in the Education (Scotland) Act 1980.
- Students who are beyond their statutory school leaving date but still studying at school. (This includes students studying at school under the school/college partnership.)

Residency

11. With the exceptions set out in paragraphs 132 to 165 below, students must be eligible to access support under the residency rules set out in Schedule 1 of the Education (Student Loans)(Scotland) Regulations 2007 and any subsequent amendments, Schedule 2 Part 2 of The Education (Access Funds) (Scotland) Determination 2021 or be eligible to receive student support under equivalent provisions of legislation made under sections 22(2), 42 (6) and 43(1) of the Teaching and Higher Education Act 1998 or articles 3 and 8(4) of the Education (Student Support)(Northern Ireland) Order 1998.

Asylum seekers

12. Colleges can provide emergency financial support from the FEDF for students in the categories set out below, disregarding the three year residency rule:

- Students on part-time English for Speakers of Other Languages (ESOL) courses. (This should exclude students whose main purpose for being in the UK is to receive education.)
- Asylum-seeking students who are on full-time or part-time ESOL courses or other part-time non-advanced courses.
• Asylum-seeking students on other full-time, non-advanced courses who meet the following criteria:

(i) Is resident in Scotland on 1 August, 1 January, 1 April or 1 July closest to the beginning of the first term of the person’s course.
(ii) Has been resident in Scotland for a minimum period of three years.
(iii) Was under 18 years old on the date when the application for asylum was made, and the application must have been made prior to 1 December 2006, and
(iv) Is under 25 years old on 1 August, 1 January, 1 April or 1 July closest to the beginning of the first term of the person’s course.

13. This support can only cover the travel and study costs necessary for the student to get to college and take part in their course of study. The support must not constitute maintenance or living costs.

14. Colleges should provide this travel and study support in the form of physical items (e.g. travel pass or study materials or equipment). Only exceptionally should this asylum-seeking student support be provided in monetary terms (cash). If the college provides this support in monetary terms, the supported person must be given both a clear explanation of the purpose of the support given and a written copy of the conditions of support.

15. Where the asylum-seeking student has no alternative form of childcare, assistance may include payment to cover childcare costs while they are attending their course.

**Students receiving support from other sources**

16. Students are not entitled to seek support from the FEDF from more than one institution at a time. For this reason colleges should ensure that a declaration is signed by the student when applying for FEDF to confirm that they have not applied for, or are in receipt of, FEDF from another institution.

17. Students who are in receipt of other funds - public or private - are still eligible to receive FEDF. Colleges should advise students in receipt of benefits to check with their benefits paying office to establish how an FEDF award will affect their individual circumstances.

18. Colleges can access general advice and guidance on benefits on the [UK Government's website](https://www.gov.uk). In addition, CPAG’s Benefits for Students in Scotland Handbook for 2020-21 is available [online](https://www.benefitsforstudents.org.uk). Further information related to benefits for students can also be found on the [Student Information Scotland portal](https://www.studentinformation.org.uk).
Priority groups

19. When making FEDF awards, colleges are asked to consider the financial hardship of the student applicants, and bear in mind vulnerable/disadvantaged groups such as estranged students, students who are carers, care-experienced students, students with at least one dependent child, part-time students, students impacted financially by COVID-19.

College management of the FEDF

What can the FEDF be used for?

20. The FEDF is intended to be allocated to students, either as a non-repayable monetary grant or an in-kind support through the purchase of specific items. Under no circumstances can a college use FEDF for:

- Administration costs (including the costs of any recovery of overpayments).
- Staff salaries, including counselling costs.
- Capital purposes.
- Communal facilities, adaptations to buildings.
- Top-up fees such as tuition and/or exam fees.
- To compensate for the lack of parental contributions.

How much can be allocated to each student?

21. In the past, the overall payments to an individual student were capped at £4,000 in a single Academic Year. However, due to COVID-19, the £4,000 limit was removed in March 2020. After discussions with relevant stakeholders, it has been agreed that the removal of the £4,000 cap will continue in AY 2021-22 in recognition of the impact the pandemic continues to have on students’ finances.

22. Colleges should continue to carry out a needs assessment, which should be based on evidence showing the student’s net financial position. Colleges will continue to have the flexibility to award students the amount they consider necessary, taking into account students’ financial situation. As in previous years, there is still no maximum number of times that a student can receive assistance from the FEDF throughout the Academic Year.

Can FEDF be used to purchase items and equipment?

23. The FEDF may be used to purchase items for a student, including course-related materials and equipment. There is no threshold on the amount that colleges can spend on these items, and in most cases, the cost of items bought from this Fund will be relatively small.
24. The college may use its discretion to pass ownership to the students, where appropriate. However, colleges are encouraged to deliver best value when purchasing and are encouraged to recycle items where possible.

25. If a student does not complete the course and/or attain the planned qualification, the college may insist that course materials and other items bought using this Fund should remain the property of the college.

**Supplementing FEDF**

26. A college can choose to add to its FEDF from its own resources as it sees fit.

**Carry forward and recovery of unspent funds**

27. Colleges cannot carry-forward any unused funds between academic years.

28. The available funds are taken to be the allocation for an academic year (as announced in the relevant annual outcome agreement funding letter with the college). Where appropriate, the available funds also take account of funds received or relinquished as part of SFC’s annual in-year redistribution process. Unspent funds are the available funds less the audited spend.

29. Unspent funds for AY 2020-21 will be recovered during AY 2021-22.

**Using FEDF for bursaries**

30. Colleges may use their FEDF to meet shortfalls in their bursary allocations. Any FEDF used this way must meet the conditions of the bursary policy in full. Colleges cannot use the FEDF to meet bursary needs of students who are not eligible.

**Reporting mechanisms and data collections**

31. The Chief Executive Officer of each college must ensure that all accounts and records are adequate and there are systems in place to minimise incorrect payments.

32. Colleges are required to complete the student support elements of the FES return to confirm their final spend on student support. The AY 2021-22 FES data return is due on 30 September 2022. Guidance on completing the FES data returns can be found on the SFC website.

33. Auditors are required to sign off the FES online student support funding report. Colleges should ensure that their auditors receive a copy of:

- The student support audit guidance.
- This policy.
• The national policy for further education bursaries.
• Their outcome agreement for the relevant year.

34. Colleges may wish to provide their auditors with details of our student support web pages and SFC student support contact details (see paragraph 40).

35. Colleges should refer to the Accounts Direction for Scotland’s Colleges when presenting information on the student support funds in their annual accounts. The Accounts direction for Scotland’s colleges AY 2020-21 can be accessed on the SFC website.

Communication with students

36. This policy has been written for bursary and student support officers within FE colleges. It is the responsibility of the college to ensure that students are familiar with the availability of the FEDF and the procedures they must follow to gain assistance. We recommend that for communication with their students on student support, colleges publish their own college policy. This will ensure that students receive information that is relevant to their own circumstances and local community.

Further information for student support officers

37. More information for college student support officers can be found on our website.

Conditions of grant

38. It is a condition of grant that colleges allocate FEDF in accordance with the policy set out in this document.

39. General conditions of grant also apply to college funding as set out in SFC’s Final Funding Allocations for Colleges in AY 2021-22 announcement.
