

Regional tertiary provision pathfinders Learning workshop 1 (12.30-3.30pm, 30 Oct 2023) on Zoom

Purpose

This is the first of three learning events to capture and share learning about “doing things differently” to address regional skills needs.

The sessions will be facilitated by Steven Marwick of [Evaluation Support Scotland](#) (ESS) with support from Scottish Funding Council staff.

The **session will be on Zoom** – link below:

<https://us06web.zoom.us/j/82883083856?pwd=K3meDcq1MC7nU1hMnuCBCZAcDIadfB.1>

Meeting ID: 828 8308 3856

Passcode: 460608

ESS is using Zoom because it is an easier platform for breakout groups, polls and for capturing comments. Zoom makes it easier to see all participants in a group this size and that feels very important in a learning process.

Aims of first learning event

1. Make sure everyone understands overall purpose
2. Start to capture learning against the key learning themes
3. Plan the specific learning you will share at learning session 2 and how to gather it
4. Network with each other

Approach

Up to 5 people from each pathfinder project will attend this event. The approach will be interactive – there will be lots of directed group discussions with colleague from different pathfinders and we'll use jamboards to capture key points. Steven will write an event report and future learning events will build on this first one.

Please **think in advance** so you are ready ready to share what you have learned about doing things differently in your pathfinder in relation to:

- using data and intelligence
- curriculum creation
- working with employers
- collaborating with partners or other institutions
- working with learners
