Credits

1. A credit gives a measure of the volume of activity delivered. One credit is equivalent to 40 hours of learning.
2. The eligibility criteria to determine whether credits can be claimed for a student and/or course is set out in the [Credit Guidance: 2019-20 student activity data guidance for colleges](#).

Enrolment

3. This figure is the number of student enrolments as recorded on the FES 2 return. A student enrolling on more than one course / programme will have more than one enrolment.

Scottish Index of Multiple Deprivation

4. The [Scottish Index of Multiple Deprivation \(SIMD\)](#) is provided by the Scottish Government.
5. Postcode files linking postcodes to SIMD rank are available on the National Records of Scotland (NRS) website via [NRS Postcode Extracts in the Geography](#) web page.
6. Using the student postcode (FES field: pcode) a student is matched to a datazone and then to a SIMD rank. The ranks are divided into deciles.
7. Aspirations set from 2017-18 onwards will be based on **SIMD 2016** and will follow the Scottish Government standard method of calculating deciles (rather than a separate SFC population weighted method).
8. Details on the SIMD 2016 ranks are detailed below:

Scottish Government – Deciles split the datazones into 10 groups, each containing 10% of Scotland's datazones

	SIMD2016 Rank	
	From	To
1 - 10% most deprived	1	697
2	698	1,395
3	1,396	2,092
4	2,093	2,790
5	2,791	3,488
6	3,489	4,185
7	4,186	4,883
8	4,884	5,580
9	5,581	6,278
10 - 10 % least deprived	6,279	6,976

9. Senior Phase Vocational Pathways (SPVP) Measure 2(a) and Measure 2(b) looks at senior phase school pupils studying vocational qualifications and Foundation Apprenticeships, at SCQF Level 5 and above, delivered by colleges. Without taking away from this focus, a wider view of all SPVP activity will be reflected in analysis relating to these measures. This is intended to show the full picture of SPVP activity across the sector, specifically activity lower than SCQF level 5.

Annex: SFC College Sector National Measures Template

1. As in previous years, we ask that institutions share their ambitions towards national priorities over the coming three year period and provide milestones and aspirations for each of the national measures. A data template, populated with available data up to AY 2017-18, will be sent to institutions in October. This data should be included in the initial draft OA submission to SFC in December 2019.
2. This table will be re-issued to institutions in January, updated to include available data for AY 2018-19. This will allow institutions to revise aspirations, if needs be. At this point, SFC will also issue a 'summary' version showing the sector's progress against the national measures.
3. SFC require institutions to submit both versions of their data with the final OA: the former for analysis of individual projections and for aggregation at sector level; and the latter which will be published as part of their final Outcome Agreements.
