This framework document has been drawn up by SG in consultation with the SFC. It sets out the broad framework within which the SFC will operate and defines key roles and responsibilities which underpin the relationship between the SFC and the SG¹. 2. Any proposals to amend the framework document either by the SG or the SFC will be taken forward in consultation and in the light of SG priorities and policy aims. Any question regarding the interpretation of the document shall be determined by the SG after consultation with the SFC. Legislative provisions and any specific directions or determinations made or terms and conditions imposed under those provisions shall take precedence over any part of the document including any terms and conditions of grant set out in the Budget Allocation and Monitoring (BAM) letter (see paragraph 41).

3. References to the SFC include any subsidiaries and joint ventures owned or controlled by SFC. The SFC shall not establish subsidiaries or enter into joint ventures without the express approval of the SG.

The SFC shall instruct its auditors to send copies of all management reports (and correspondence relating to those reports) and responses to the SG.

33. The AGS, or examiners appointed by the AGS, may carry out examinations into the economy, efficiency and effectiveness with which the SFC has used its resources in discharging its functions. The AGS may also carry out examinations into the arrangements made by the SFC to secure Best Value. For the purpose of these examinations the examiners have a statutory right of access to documents and information held by relevant persons.

34. In addition, the SFC shall provide, in contracts and any conditions to grants, for the AGS to exercise such access to documents held by contractors and subcontractors and grant recipients as may be required for these examinations; and shall use its best endeavours to secure access for the AGS to any other documents required by the AGS which are held by other bodies.

Annual report and accounts

35. The SFC must publish an annual report of its activities together with its audited accounts after the end of each financial year. The annual report shall cover the activities of any corporate, subsidiary or joint ventures under the control of the SFC. It must comply with the Government Financial Reporting Manual (FReM) and outline the SFC’s main activities and performance against agreed objectives and targets for the previous financial year.

36. The accounts shall be prepared in accordance with relevant statutes and the specific accounts direction (including compliance with the FReM) and other relevant guidance issued by the Scottish Ministers. Any financial objectives or
targets set by the Scottish Ministers should be reported on in the accounts and will therefore be within the scope of the audit. Any subsidiary or joint venture owned or controlled by the SFC shall be consolidated in its accounts in accordance with International Financial Reporting Standards as adapted and interpreted for the public sector context.

37. The draft report should be submitted to the SG for comment, and the draft accounts for information, by the end of the second quarter of the reporting year. The final version should be available for laying before the Scottish Parliament by the Scottish Ministers by 31 December. Whilst the statutory date for laying and publishing accounts audited by the AGS is by 31 December, following the close of the previous financial year, there is an expectation on the part of the Scottish Ministers that accounts will be laid and published as early as possible. The accounts must not be laid before they have been formally sent by the AGS to the Scottish Ministers and must not be published before they have been laid. The SFC shall be responsible for the publication of the report and accounts.

SECTION 3: MANAGEMENT RESPONSIBILITIES

Strategic and operational plans

38. The SFC shall ensure that a strategic plan, agreed with the Scottish Ministers, is in place and published on the SFC website. The SFC shall agree with the SG the issues to be addressed in the plan and the timetable for its preparation and review. The final plan shall reflect the SFC’s strategic aims and objectives as agreed by the Scottish Ministers, and any priorities set by the Scottish Ministers. It shall demonstrate how the SFC contributes to the achievement of the SG’s primary purpose of increasing sustainable inclusive economic growth and alignment with the SG’s NPF and NSET.

39. The strategic plan for the SFC shall normally include:

- the purpose and principal aims of the SFC;
- an analysis of the environment in which the SFC operates;
- key objectives and associated key performance targets for the period of the plan, the strategy for achieving those objectives and how these will contribute towards the achievement of the SG’s primary purpose and alignment with the NPF;
- indicators against which performance can be judged;
- details of planned efficiencies, describing how the SFC proposes to achieve better value for money, including through collaboration and shared services; and
- other matters as agreed between the SG and the SFC.

40. The strategic plan should inform the development of a separate operational plan for each financial year. The operational plan should include key targets and milestones for the year immediately ahead, aligned to the NPF, and be linked to budgeting information so that, where possible, resources allocated to achieve specific objectives can be identified. A copy of the SFC’s operational plan should be provided to the Sponsor Team prior to the start of the relevant financial year.
Budget management

41. Each year, in the light of decisions by the Scottish Ministers on the allocation of budgets for the forthcoming year, the SG will send to the SFC a formal statement of its budgetary provision, a note of any related matters and details of the budget monitoring information required by the SG. The terms of that letter, referred to as the BAM letter, should be viewed as complementing the content of this document. The monthly monitoring is the primary means of in-year budgetary control across the SG. As such bodies must comply with the format and timing of the monitoring together with any requests for further information. The statement of budgetary provision will set out the budget within the classifications of resource Departmental Expenditure Limits (RDEL); capital DEL (CDEL); Ring-fenced (non-cash) (RfDEL). The SFC will inform the Sponsor Team at the earliest opportunity if a requirement for Annually Managed Expenditure (AME) budget is identified. The SG should also be advised in the event that estimated net expenditure is forecast to be lower than budget provision.

42 Transfers of budgetary provision between the different summary classifications as advised will require the prior approval of the SG Finance Directorate. Any proposals for such transfers should therefore be submitted to SG Finance and the Sponsor Team. Transfers of provision within the summary classifications may be undertaken without reference to the SG, subject to any constraints on specific areas of expenditure (e.g. the approved pay remit) and subject to remaining within the wider categories specified within the SFC BAM letter including any terms and conditions of grant set out in the BAM letter (see paragraph 41).

43. If the trading and other resource income - or the net book value of disposals of non-current assets - realised is less than that included in the most up to date agreed budget the SFC shall, unless otherwise agreed with the SG, ensure a corresponding reduction in its gross expenditure. (The extent to which the SFC exceeds agreed budgets shall normally be met by a corresponding reduction in the budgets for the following financial year.)

44. If income realised is more than that included in the most up to date agreed budgets the SFC must obtain the prior approval of the SG before using any excess to fund additional expenditure. (Failure to obtain prior approval for the use of excess income - excluding income resulting from gifts, bequests and donations - to fund additional expenditure may result in corresponding reductions in budgets for the following financial year.)

45 Through re-profiling, the SFC can use an agreed mechanism to balance its budget lines at the end of the financial year. Re-profiling may be required due to the nature of the HE and FE budgets and differences between the academic and financial years. It is this difference between academic and financial years that enables re-profiling for the SFC. Re-profiling is subject to the approval of Scottish Ministers. SFC should seek agreement from SG, on an annual basis, prior to each financial year-end on the value of its budget re-profiling request.
Cash management

46. Any grant in aid for the year in question must be authorised by the Scottish Parliament in the annual Budget Act. Grant in aid will normally be paid in monthly instalments on the basis of updated profiles and information on unrestricted cash reserves. Payment will not be made in advance of need, as determined by the level of unrestricted cash reserves and planned expenditure. Unrestricted cash reserves held during the course of the year should be kept to the minimum level consistent with the efficient operation of the SFC - and the level of funds required to meet any relevant liabilities at the year-end. Grant in aid not drawn down by the end of the financial year shall lapse. Grant in aid shall not be paid into any restricted reserve held by the SFC.

47. The banking arrangements adopted by the SFC shall comply with the Banking section of the SPFM.

Repayment

48. Grant-in-aid is paid under sections 9 and 10 of the Further and Higher Education (Scotland) Act 2005 (‘the 2005 Act’) for the purposes set out in section 11(1) of the 2005 Act and the SFC’s applicable legislation. Under section 9(3) of the 2005 Act, the Scottish Ministers may provide in the terms and conditions of grant, for the repayment (whether in whole or in part) of the grant-in-aid from the SFC in specified circumstances.

Spending Review

49. At periods to be determined by Scottish Ministers, the SFC will be asked to provide robust advice on the expenditure required to meet Ministers’ policy priorities and deliver the statutory duties and functions of the SFC. In doing so, the SFC must use its expertise and knowledge of the requirements of the further and higher education sectors, as well as its knowledge of the wider fiscal position, to provide objective and well-evidenced advice and options to Ministers.

Risk management

50. The SFC shall ensure that risks are dealt with in an appropriate manner, in accordance with recognised good practice in corporate governance, and develop a risk management strategy, consistent with the Risk Management section of the SPFM. Reporting arrangements shall ensure that the Sponsor Team is made aware of relevant risks and how they are being managed. The SFC’s Audit Committee is also required to ensure that the Board and the Accountable Officer, at the earliest opportunity, take steps to notify the SG Sponsor team (which will brief the relevant DG Assurance meeting) if it considers that it has identified a significant problem that might affect adversely the successful achievement of the SFC strategic plan priorities or the effective delivery of its functions.

Organisational security and resilience

51. As part of risk management arrangements, the SFC shall ensure that it has a clear understanding at Board level of the key risks, threats and hazards it may
face in the personnel, physical and cyber domains, and take action to ensure appropriate organisational resilience to those risks/threats/hazards. It should have particular regard to the following key sources of information to help guide its approach:

- **Having and Promoting Business Resilience (part of the Preparing Scotland suite of guidance)**
- **The Scottish Public Sector Action Plan on Cyber Resilience** and associated guidance, in particular the **Cyber Resilience Framework**

**Fraud management**

51. The SFC shall adopt and implement policies and practices to safeguard itself against fraud and theft, in accordance with the **Fraud** section of the SPFM. Application of these processes must be monitored actively, supported by a fraud response plan and robust reporting arrangements. This includes the establishment of arrangements to report any suspicions of fraud. In addition the SFC should take risk-based and proportionate steps to appraise the financial standing of any supplier or other body with which it intends to enter into a contract or to provide funding.

**Performance management**

52. The SFC shall operate management information and accounting systems that enable it to review, in a timely and effective manner, its financial and non-financial performance against the strategic aims, objectives, targets and milestones set out in its strategic and operational plans. The results of such reviews should be reported on a regular basis to the SFC Board and copied to the SG. The SG shall assess the SFC’s performance on a continuous basis and shall meet quarterly for strategic dialogue including on performance. The responsible Cabinet Secretary / Scottish Minister shall meet the SFC chair at least once a year.

**Management of the SFC’s staff**

**Responsibilities for the SFC staff**

53. The SFC has responsibility for the recruitment, retention, effective deployment and motivation of its staff. It shall ensure that:

- personnel policies, practices and systems comply with employment and equalities legislation, and standards expected of public sector employers;
- the level and structure of its staffing, including grading and staff numbers, are appropriate to its functions and the requirements of economy, efficiency and effectiveness (subject to the SG Pay Policy for Staff Pay Remits);
- the performance of its staff at all levels is satisfactorily appraised and the SFC’s performance measurement systems are reviewed from time to time;
• staff are encouraged to acquire and utilise effectively the appropriate professional, management and other expertise necessary to achieve the SFC’s objectives;

• proper consultation with staff takes place on key issues affecting them;

  • a code of conduct for staff is in place based on the Model Code for Staff of Executive NDPBs – see chapter 5 of Public Bodies: A Guide for Departments; and

  • an effective and robust operational plan is agreed annually with the Sponsor Team.

**Pay and conditions of service**

54. The SFC will comply with SG Pay Policy in relation to staff and the chief executive. The SFC shall submit to the SG for approval (normally annually unless a multi-year deal has been agreed) a pay remit in line with the SG Pay Policy for Staff Pay Remits and negotiate a pay settlement within the terms of the approved remit. Payment of salaries should also comply with the Tax Planning and Tax Avoidance section of the SPFM. Proposals on non-salary rewards must comply with the guidance in the Non-Salary Rewards section of the SPFM. [Where applicable, the SFC will also seek appropriate approval under the SG Pay Policy for Senior Appointments for the chief executive’s remuneration package prior to appointment, annually or when a new appointment or change to the remuneration package is being proposed.]

**Pensions, redundancy and compensation**

55. Superannuation arrangements for the SFC staff are subject to the approval of the SG. The SFC’s staff shall normally be eligible for a pension provided by the Civil Service Pension arrangements. Staff may opt out of the occupational pension scheme provided by the SFC. However, the SFC will not make any contributions to any personal pension schemes which staff have.

56. Any proposal by the SFC to move from existing pension arrangements, or to pay any redundancy or compensation for loss of office, shall require the prior approval of the SG. Proposals on compensation payments must comply with the Settlement Agreements, Severance, Early Retirement and Redundancy Terms section of the SPFM. This includes referral to the SG of any proposed compensation payment being considered for an individual outwith any existing approved scheme and before the individual is approached and any offer made either orally or in writing.

**Asset and property management**

57. The SFC shall maintain an accurate and up-to-date record of its current and non-current assets consistent with the Property: Acquisition, Disposal and

58. The SFC is also subject to the SG Asset Management Policy, including the requirement for any new commitments to be signed off by the Scottish Ministers. Information concerning SFC should be accurately recorded and updated as necessary on the Office of Government Commerce electronic Property Information Mapping System (e-PIMS).

59. The SFC shall follow the requirements of the SPFM, Consolidated Budgeting Guidance and the FReM.

Delegated authorities

60. The SFC’s specific delegated financial authorities - as agreed in consultation between the SFC and the SG - are set out in the attached Appendix. The SFC shall obtain the SG’s prior written approval before entering into any undertaking to incur any expenditure that falls outside these delegations. The SFC shall also comply with any requirements for prior SG approval included in the SPFM and/or this document.

61. Prior SG approval must always be obtained before incurring expenditure for any purpose that is or might be considered novel, contentious or repercussive or which has or could have significant future cost implications.

Income generation

62. The SFC shall seek to optimise income - grant in aid does not qualify as income - from all sources, and ensure that the SG is kept informed. Novel or contentious proposals for new sources of income or methods of fundraising must be approved by the SG. Fees or charges for any services supplied by the SFC shall be determined in accordance with the Fees & Charges section of the SPFM.

63. Gifts, bequests or donations received by the SFC count as income and should be provided for in the agreed resource DEL and capital DEL budgets, updated as necessary in consultation with the SG. However, the SFC should be able to demonstrate that expenditure funded by gifts etc. is additional to expenditure normally supported by grant in aid or by trading and other income.

Before entering into or continuing such arrangements the SFC must be able to demonstrate that the lease offers better value for money than purchase and that all options of sharing existing public sector space have been explored. Subsidy Control

69. The EU State aid regime was effectively revoked from UK law from 1 January 2021 and subsidy control provisions are now covered by the UK-EU Trade and Cooperation Agreement (TCA) and the UK’s international obligations including various Free Trade Agreements and those arising as a consequence of World Trade Organisation membership. This position may be subject if the UK Government establishing its own domestic subsidies control regime: a UK wide consultation on this is set to take place in the first half of 2021. Currently any activity that the NDPB undertakes itself, or funds other bodies to undertake, that can be offered on a commercial market for goods and services is subject to the TCA subsidy rules. A full assessment is therefore required prior to disbursing any funding and would be subject to the guidance in the subsidy regime section of the SPFM.

Impairments, provisions and write-offs

71. Assets shall be recorded on the balance sheet at the appropriate valuation basis in accordance with the FReM. Where an asset - including investments - suffers impairment it is important that the prospective impairment and background is communicated to the SG at the earliest possible point in the financial year to determine the implications for the SFC’s budget. Similarly any significant movement in existing provisions or the creation of new provisions should be discussed in advance with the SG. Write-off of bad debt and/or losses scores against the SFC’s resource DEL budget classification and is subject to a specific delegated limit.

Insurance

72. The SFC is subject to the SG policy of self-insurance. Commercial insurance must however be taken out where there is a legal requirement to do so and may also be taken out in the circumstances described in the Insurance section of the SPFM - with the prior approval of the SG. The SG will provide the SFC with a Certificate of Exemption for Employer's Liability Insurance.

Procurement and payment

73. The SFC’S procurement policies shall reflect relevant guidance in the Procurement section of the SPFM and relevant guidance issued by the SG’s Procurement and Commercial Directorate. Procurement should be undertaken by appropriately trained and authorised staff and treated as a key component of achieving the SFC’s objectives consistent with the principles of Value for Money, the highest professional standards and any legal requirements. All external consultancy contracts over the value of £100,000 or any proposal to award a contract without competition (non-competitive action) over the value of £100,000 must be endorsed in advance by the Chief Executive.

74. Any major investment programmes or projects undertaken by the SFC shall be subject to the guidance in the Major Investment Projects section of the SPFM [and is also subject to a specific delegated authority]. 75. The SFC shall pay all matured and properly authorised invoices relating to transactions with suppliers in accordance with the Expenditure and Payments section of the SPFM and in doing so shall seek wherever possible and appropriate to meet the SG’s target for the payment of invoices within 10 working days of their receipt.

77. Permission should be sought from SG Finance for all expenditure of £250,000 or above from SFC’s budget, where a new previously unplanned commitment is being entered into, there is a revision to an existing commitment or where underspend has emerged and there is an element of discretion about the decision. This requirement excludes those areas agreed between the SFC and SG that are exempt (i.e. all non-running cost areas).

Disposal income

78. Where the SFC has financed expenditure on assets by a third party (or they have otherwise been financed with public money), the SFC shall make appropriate arrangements to ensure that any such assets are not disposed of (or ceased to be used for the intended purpose) by the third party without the SFC first considering the merits of the disposal (or alternative use). The SFC shall liaise with the SG when considering the merits of the disposal (or alternative use).

79. Remuneration, allowances and expenses paid to Board members and any pension arrangements must comply with the SG Pay Policy for Senior Appointments and any specific guidance on such matters issued by the Scottish Ministers.
