Section 1: Overview to the CLD data collection

1. Coverage: This data collection includes FE full-time successful leavers as well as HE full-time successful leavers.
   Note: SRUC and HEI associated colleges are not required to return HE leaver destinations to SFC as these are returned via the Graduate Outcomes collection and reported through the Higher Education Statistics Agency (HESA).

2. Courses: Section 2 includes a description of the courses covered in the CLD collection.

3. Data linkage: We continue to use data linkage and the matching of leaver destinations to two additional datasets: Skills Development Scotland (SDS) and the Students Awards Agency for Scotland (SAAS); however, this is restricted to 16 to 24 year olds only due to current legislative limitations.

Revisions to coding practice for 2022-23

4. When coding HNC/D Childhood Practice leavers as going into a role within a childcare provider setting (i.e. a nursery), use the industrial classification Q as this includes within ‘childcare providers’:

   Q: Human health and social work activities (e.g. includes hospitals, health centres, dentists, care providers)

   Rather than the following industries:

   O: Public administration and defence; compulsory social security (e.g. includes armed services, local authorities, fire and police services)

   P: Education (e.g. includes schools, colleges and universities)
Section 2: Coverage and timing of CLD data

Requirements

5. For the purposes of the collection full-time includes the FES1 Mode of attendance of programme – code list G codes:
   - “05” short full-time
   - “17” full-time
   - “18” part-time, but previously met old full-time criteria.

6. For students successfully completing a full-time, FE level course (all colleges) and HE level course (SRUC and HEI associated colleges excluded), we require information on:
   - Primary Classification (Destination).
   - Employment details (where applicable).
   - Further study details (where applicable).
   - Destination Source (where applicable).

7. Please refer to Section 3 (on page 7) and code lists A, B and C when completing information. Annex C provides a reference to show the information required for each Primary Classification.

8. The first destination information should reflect the position for successful full-time students completing courses in the academic year ending July 2023.

9. The aim is to record for each successful full-time student what firm arrangements have been made for employment, further study or training to start by 31 March 2024 (following the end of the academic year of qualifying).

10. Employment should be defined specifically. Each qualifier entering employment should be classified according to:
    - Employment.
    - Modern Apprenticeship.
    - Self-employed/freelance.
    - Voluntary or other unpaid work.
    - Developing a professional portfolio/creative practice.
    - Internship.

11. Graduates due to start a job by 31 of March 2024 also fall into this category.

12. For example, Modern Apprentices should be categorised under Primary Classification as “full-time employed” and marked as Modern Apprenticeship.
13. Further related to the employment information, please establish the relationship of the secured employment to the course completed: “Is the job related to your course of study? Yes/No”.

**Suggested form of questionnaire**

14. A sample questionnaire is provided at Annex A. An electronic version of this is available on request, although you are free to use your own method if you prefer.

15. Please note: the sample questionnaire allows the college to complete the CLD and to generate additional information for the college’s internal analysis and reporting purposes.

**Proposed method of collection**

16. It is recommended that each college should allow for (up to) three contact attempts to be made. If there is no response after three attempts then the student destination should be recorded ‘unconfirmed’ rather than left blank.

17. Note: the staff member making each contact attempt should be documented at each attempt (name and date). The database the SFC will issue to the college for final follow-up will provide fields for this information.

18. In cases where an early contact yields a negative destination response, for example at the College Graduation Ceremony, then a later follow-up should take place to check the leaver’s current destination status.

19. Updating of pre-populated destinations with more current information known by the college is acceptable.

**Reporting standards**

20. Young people engaged in supported employment or work placement schemes should be categorised under Primary Classification as either:

   - ‘Engaged in full-time further study, training or research’
   - ‘Engaged in part-time further study, training or research’
   - Not in employment.

21. Note: the column in the SFC-issued spreadsheet will include a dropdown menu related to study to identify study, research or training.

22. It is up to each college, in using professional judgement to decide whether to accept anecdotal destination information given by family members, fellow students past or present or college staff as credible. A questionnaire completed by the student or
through information gathered directly from the student (for example, over the telephone or at college graduation ceremony) is the best resource but departments can sometimes fill in gaps where questionnaires have not been returned.

23. If there is significant doubt about the reliability of any of the graduate information, this should be classified as ‘unconfirmed’ and not left blank. **Any incomplete data returned for a qualifier will be returned to ‘unconfirmed’ by SFC during data cleansing to ensure the integrity and accuracy of the dataset.**

24. A destination of intent is not acceptable; destinations must be actual.

25. SFC may carry out quality assurance checks through sample auditing of the destination data, therefore colleges should retain associated paperwork for at least one year.

**Data outputs**

26. The 2022-23 CLD data will be used to produce sector figures for the National Performance Measure: Number and proportion of full-time college qualifiers in work, training and/or further study 3-6 months after qualifying, and which College Regions will report and set targets for in 2023-24 Outcome Agreements. Additional technical guidance is available on the SFC website.

27. First Destination of College Leavers data: Academic Year 2022-23 student cohort will be published towards the end of 2024, date TBC.

**Note on Data to be collected for specific Primary Classifications**

28. An overview of information collected for each Primary Classification, is included in table form in Annex C: Primary Classification and compulsory fields.

### Primary Classification

Primary Classification (destination) from CLD code list A (see page 9 for details). First destinations of students successfully completing full-time courses only. Current destination or expected to start by 31 March 2024, for all students completing in session 2022-23.

Select from the drop-down menu on the template.

Please enter the code exactly as it appears in the drop-down menu. Please do not edit the code numbers or wording.

### Industry of Employer

Industry of Employer (Employer Category) from CLD code list B (see page 11 for details). For students successfully completing full-time courses who entered full-time, part-time, freelance employment, are in voluntary/unpaid work, developing a professional portfolio/creative practice, are on an internship as well as graduates due to start a job by 31 March 2024.

The code most appropriate to employer function should be used e.g. a personal assistant working in a school would be coded P: Education.

U: Activities of Extraterritorial Organisations and Bodies would apply to a graduate working for a non-UK based organisation. Where more than one code could be used to identify an employer, the code most appropriate to the employer function should be used.

Select from the drop-down menu on the template.

NOTE: Please enter the code exactly as it appears in the drop-down menu. Please do not edit the code numbers or wording.
Destination of Further Study

Destination of Further Study from CLD code list C (see page 13 for detail). For students successfully completing full time courses and going onto full-time/part-time study, training or research.

Simply enter the number assigned to the College/University. You can check that a valid code has been entered by clicking on the cell - a text box with the location associated with that particular code should appear.

Select from the drop-down menu on the template.

NOTE: Please enter the code exactly as it appears in the drop-down menu. Please do not edit the code numbers or wording.

Notes on Primary Classification (Destination) - Code List A

29. To be assigned one of these codes the student must be starting the activity by 31 March 2024.

Working full-time: employed/Modern Apprenticeship/self-employed/freelance, voluntary or other unpaid work, developing a professional portfolio/creative practice or on an internship

30. For those in full-time paid work only (including self-employed/freelance, voluntary/unpaid, developing a professional portfolio/creative practice or on an internship) and those in full-time work and further study.

Working part-time: employed/Modern Apprenticeship/self-employed/freelance, voluntary or other unpaid work, developing a professional portfolio/creative practice or on an internship

31. For those in part-time paid work only (including self-employed/freelance, voluntary/unpaid, developing a professional portfolio/creative practice or on an internship) and those in part-time work and further study.

Due to Start Job by the 31 of March

Section 4: Submission of CLD returns

42. Files should only be returned to SFC via the SecureShare site by 30 June 2024. If you need access to your college’s site, please contact Steve Riddell on 0131 313 6685 or sriddell@sfc.ac.uk. Please do not e-mail CLD data.

43. Please refer to Annex B for a process flowchart of timings for the CLD collection.

44. The following naming convention should be used for the CLD files returned to SFC:

- College NameCLD2223 – e.g. Borders College would read ‘BordersCLD2223’. 
The information recorded on this questionnaire will be used to assess the relevance of our courses and how effective they are in meeting the needs of our students. (Please make sure that each section is completed as fully and accurately as possible). You may rest assured that all your answers will be treated in the strictest confidence.
