FES 3 Guidance Notes 2024-25

FES 3 Guidance Notes 2024-25

Issue Date: 22 April 2024

Reference: SFC/GD/04/2024

Summary: Guidance notes and code lists for completion of FES 3 individual

programme elements data: Academic year 2024-25

FAO: College Finance Directors / MIS and Quality contacts of Scotland's

colleges

Further CONTACT: Steve Riddell

Information: JOB TITLE: Senior Policy/Analysis Officer (Data Collections)

DIRECTORATE: Policy, Insight and Analytics

TEL: 0131 313 6685

Section 1

Revisions to the FES 3 data collection

Note: For reasons of data integrity and simplification of updates to FES, new fields (columns) will now be added to the end of the .dat file and obsolete columns will remain but will no longer need to be populated. This has the benefit of maintaining the integrity of current columns in the .dat file while still allowing FES revisions.

1. Apart from the adjusted FES quarterly return dates there is no change in the 2024-25 FES 3 guidance from 2023-24.

Section 2

Coverage and timing of FES 3 data

- 2. Full programme element FES 3 details are required for all students included within the FES 2 student returns. FES 3 details are not required for enrolments on full cost recovery courses except; Associate Students and Skills Development Scotland (SDS) (see FES 1 programme code list C, Codes 01-04).
- 3. The FES 3 return would hold details of each individual programme element for which the student attended at least one learning episode. In cases where the student enrolled but never turned up (see student FES 2, code list J code 01), it is accepted that there may be the odd enrolment on a course but not on any individual programme elements. It is expected that there will be at least one FES 3 entry for each FES 2 student record in all other circumstances.
- 4. It is expected that there would routinely be more than one programme element entry (FES 3) for each student enrolment entry (FES 2). An enrolment on a full-time FE programme would generate 15 programme element entries if the programme contained 15 separate one Credit units. The number of programme elements may of course be more or less if units were valued at more or less than one Credit each.
- 5. If a student withdraws from a programme of study before the programme has ended this return should only detail the programme elements for which the student has attended at least once. Those elements contained within the programme of study that start after the withdrawal date would not be included as a FES 3 record. For students that withdraw before the 25% required date of the programme the FES 3 return would still show details of the programme elements for which the student attended before they withdrew including Credits. The FES 3 Credits for each enrolment will not always equal the FES 2 Credits for the same enrolments for these reasons. The FES 3 Credits should reflect the Awarding Body credit value for each unit / module.
- 6. FES data is due for return to SFC via FES online by 3 October 2025 and covers all enrolments during the entire academic sessions (1 August 2024 to 31 July 2025).
- 7. The Quarterly return dates are as follows;
 - 1st Quarter 15 November 2024.
 - 2nd Quarter 07 February 2025.
 - 3rd Quarter 27 June 2025.
 - Final Return 03 October 2025.

Section 3

Notes and code lists for completion for FES 3

Ref:	Field Name	Description	Length	Position
1	Enrolment number	This is a simple count from the first to the last enrolment to be included within this FES return. A single student will have more than one enrolment number if they enrol on more than one programme. This field will be used to link the FES 2 student and FES 3 programme element data sets.	6	1-6
2	Student matriculation / ID number	The student identifier used within the college. It is expected that a student enrolled on more than one programme will have the same student ID for each enrolment.	20	7-26
3	Superclass code	Superclass code for FES 3 code list A	2	27-28
4	Programme element Credits	Total programme element Credits to three decimal places.	6	29-34
		Please note, although the total Credits for spanning programmes must only be claimed in the academic year in which the programme ended, the individual programme element Credits should be shown for each element undertaken within the current academic year.		

Ref:	Field Name	Description	Length	Position
		The FES 3 Credits should reflect the Awarding Body credit value for each unit / module.		
5	Programme element result	Enter appropriate code from FES 3 code list B	2	35-36
6	SQA Product code	6 digit code – digits 1-4 SQA product code, digits 5-6 level (e.g. customer care A61934)	6	37-42
7	Awarding body	Enter appropriate code from FES 3 code list C	2	43-44
8	"Work experience" programme element indicator	The "Work experience" programme element indicator field is to identify when a course / programme element is regarded as having activity of either work experience, work placement, work simulation (client based), or an employer project. To be counted, the period of "Work experience" must be 40 hours duration or more and can be internal or external, supported or unsupported, assessed or non-assessed. (Please also refer to the "Work experience" course indicator field in FES 1). 0=course / programme element is not "Work experience" related	1	45
		1=course / programme element is deemed "Work experience"		
9	Programme element title	BLOCK CAPITALS - All units / modules / subjects should have a title and, where appropriate, nationally recognised titles should be used.	51	46-96

Code list B

Programme element result

8. A result should be recorded for each programme element for which the student has attended at least one learning episode during the current academic year. Elements that span into the next academic year would normally be coded as 09.

Code	Description
01	Enrolled on unit / element but never attended.
05	Transferred to either another programme element and / or another programme in the college.
07	Completed programme element, student assessed but not successful. (1)
08	Completed programme element, student assessed and successful. (1)
09	Continuing onto next academic year (the programme element spans academic years).
11	Withdrawn from programme element.
12	An open workplace assessment element where the result is not yet available.
13	Awarding body has indicated that the element is no longer appropriate or available.
14	Completed programme element, student not assessed as programme element not designed to be assessed. (2)
15	Completed programme element, student not assessed although programme element designed to be assessed. ⁽¹⁾
16	Student deceased.
17	Student on an interim year of a multi-year VQ programme where the unit result is not yet available. (3)

- (1) Element result codes (07), (08), (15) must only be used for accredited units.
- (2) Element result code (14) **must** only be used for non-accredited subjects.
- (3) Element result code (17) should be used for VQ units in interim years of a multi-year VQ programme and that may be allocated as hours-only subjects.

9. Rule application for when a student should be withdrawn (code 11) or not successful (code 07) for accredited units;

If a student attempts at least one summative assessment on any individual accredited unit and then withdraws from the unit or course then the unit outcome should be recorded as Outcome 07 – not successful.

Code list C

Awarding body

Code	Description
01	Scottish Qualifications Authority (SQA)
02	City & Guilds
03	Higher Education Institute (HEI)
04	College
05	Other
06	No awarding body

Section 4

Submission of FES 3 returns

Physical characteristics for data files

File format

- 10. Data should be submitted in a fixed length ASCII file with a '.DAT' file extension.
- 11. Files should be returned to SFC via the FES Data Portal by 3 October 2025 and covers all programme elements data during the entire academic session (1 August 2024 to 31 July 2025).
- 12. The following naming convention should be used for the FES 3 file returned to SFC:
 - C (seven-digit college code number) .DAT e.g. Borders College would ready C5660459.DAT.

Further information

 Please contact Kenny Wilson, Senior Policy / Analysis Officer (Data Collections) for further information, Tel: 0131 313 6509, email: kwilson@sfc.ac.uk and/or datareturns@sfc.ac.uk
