EXPLANATORY NOTE

(This note is not part of the Order)

This determination is made under the Education (Access Funds) (Scotland) Regulations 1990 S.S.I. 1990/1534) (“the 1990 Regulations”).

Under the 1990 Regulations, the Scottish Ministers are empowered to pay grants for the financial assistance of students attending colleges of further education and institutions within the higher education sector on such terms and conditions as the Scottish Ministers determine. These grants are sums for payment of discretionary funds.

Under the Education (Discretionary Funds) (Scotland) Direction 2024, the Scottish Ministers have directed the Scottish Further and Higher Education Council and regional strategic bodies to administer the discretionary funds for the financial assistance of students attending colleges of further education on their behalf. The Student Awards Agency Scotland is the executive agency of the Scottish Ministers with regard to the higher education sector and administers the discretionary funds for the financial assistance of students attending institutions within the higher education sector.

Through this determination, the Scottish Ministers are setting out the terms and conditions on which discretionary funds are to be paid.

Paragraphs 4 and 5 in conjunction with the schedule set out the terms and conditions on which discretionary funds are to be paid to students attending colleges of further education.

Paragraphs 6 and 7 in conjunction with the schedule set out the terms and conditions on which discretionary funds are to be paid to students attending institutions within the higher education sector.

Paragraph 8 sets out the terms and conditions on which discretionary funds are to be paid to support students attending colleges of further education and institutions within the higher education sector who are experiencing financial difficulties as a result of a significant change in circumstances and who are at risk of not being able to continue with their studies due to this hardship. The changes in circumstances can include students not being able to return home because of conflicts or the fear of persecution.

Paragraph 1 of the Schedule provides that asylum seekers are eligible for discretionary funds and, in relation to the Higher Education Undergraduate and Postgraduate Discretionary Fund, they do not have to meet the condition of having availed themselves of other forms of student support. Paragraph 2 of the Schedule provides that persons who have experienced financial hardship as a direct result of global conflict are eligible for discretionary funds and, in relation to the Higher Education Undergraduate and Postgraduate Discretionary Fund, they do not have to meet the condition of having availed themselves of other forms of student support.
