

Annex B: College Technical Guidance on SFC's measures of progress

Introduction

1. This Technical Guidance provides the definitions for each of the measures listed in the Outcome and Impact framework (AY 2023-24).
2. This is an update to the Technical Guidance for 2022-23 issued in Autumn 2022. This guidance reflects the priority measures of progress for both the College and University sectors.
3. SFC will issue a national measures table to each institution reflecting this condensed Outcome and Impact Framework with 2021-22 being the baseline year, where data are available. In keeping with Interim Year guidance, institutions will be asked to provide one year of projections for AY 2023-24.
4. SFC will, as a matter of course, continue to monitor all performance measures we currently have in addition to those identified as priority and will be happy to discuss areas of concern with institutions.
5. For each measure the document provides:

Aim: The Scottish Funding Council's strategic aim under which this measure falls

Measure: The number and description of the measure

Table: Provides an overview and coverage of the measure

Numerator If the measure is a proportion these specify the numerators and denominators to be used in the calculation

Denominator

Data This provides further information on the data source used to calculate the measure.

Aim: The Scottish Funding Council's strategic aim under which this measure falls

Term	Definition / Description	Notes
A term used that requires further detail	A definition or description of the term	Further information on the term e.g. code list in FES guidance

Outcome Agreement measures of progress: Revised for 2023-24

Measure A	Credits delivered (all)	
Measure B	Volume and proportion of Credits delivered to learners in the most deprived 10% postcode areas (SIMD10)	
Measure C	The volume and proportion of Credits delivered to care-experienced learners	
Measure D	Number of senior phase age pupils studying vocational qualifications delivered by colleges	
Measure E1	Proportion of enrolled students successfully achieving a recognised qualification (FT & PT)	
Measure E2	Proportion of enrolled care-experienced students successfully achieving a recognised qualification (FT & PT)	
Measure E3	Proportion of enrolled students in the most deprived postcode areas (SIMD10) successfully achieving a recognised qualification (FT & PT)	
Measure E4	Proportion of enrolled students on full-time FE courses aged 16 to 19 successfully achieving a recognised qualification	
Measure F	The number and proportion of successful learners who have achieved HNC or HND qualifications articulating to degree level courses with advanced standing	
Measure G	The number and proportion of full-time college qualifiers in work, training and/or further study 3-6 months after qualifying	

Outcome Agreement measures of progress: Revised for 2023-24

Measure H SSES Survey - The percentage of students Overall, satisfied with their college experience

Measure I Greenhouse gas emissions

General Notes - definition of the metrics used in the measures

Credits

6. A credit gives a measure of the volume of activity delivered. One credit is equivalent to 40 hours of learning.
7. The eligibility criteria to determine whether credits can be claimed for a student and/or course is set out in the [Credit Guidance: 2022-23 student activity data guidance for colleges](#).

Enrolment

8. This figure is the number of student enrolments as recorded on the FES 2 return. A student enrolling on more than one course / programme will have more than one enrolment.

Scottish Index of Multiple Deprivation

9. The [Scottish Index of Multiple Deprivation \(SIMD\)](#) is provided by the Scottish Government.
10. Postcode files linking postcodes to SIMD rank are available on the National Records of Scotland (NRS) website via [NRS Postcode Extracts in the Geography](#) web page.
11. Using the student postcode (FES field: pcode) a student is matched to a datazone and then to a SIMD rank. The ranks are divided into deciles.
12. Aspirations set from 2017-18 to 2020-21 were based on SIMD 2016 and followed the Scottish Government standard method of calculating deciles (rather than a separate SFC population weighted method). The Scottish Government have since released SIMD 2020, and SFC adopted this iteration of the SIMD from the 2021-22 academic year.
13. Details on the SIMD 2020 ranks are detailed overleaf:

Scottish Government – Deciles split the datazones into 10 groups, each containing 10% of Scotland's datazones

	SIMD2020 Rank	
	From	To
1 - 10% most deprived	1	697
2	698	1,395
3	1,396	2,092
4	2,093	2,790
5	2,791	3,488
6	3,489	4,185
7	4,186	4,883
8	4,884	5,580
9	5,581	6,278
10 - 10 % least deprived	6,279	6,976

14. Senior Phase Vocational Pathways (SPVP) Measure D looks at senior phase school pupils studying vocational qualifications and Foundation Apprenticeships, at SCQF Level 5 and above, delivered by colleges. Without taking away from this focus, a wider view of all SPVP activity will be reflected in analysis relating to these measures. This is intended to show the full picture of SPVP activity across the sector, specifically activity lower than SCQF level 5.

FES Quarterly Return Deadlines 2023-24

15. The deadlines for the quarterly data returns are below:
- 1st Quarter – 03 November 2023.
 - 2nd Quarter – 02 February 2024.
 - 3rd Quarter – 28 June 2024.
 - Final Return – 04 October 2024.

Measures

A more equal society because learning is accessible and diverse, attracting and providing more equal opportunities for people of all ages, and from all communities and backgrounds.

Measure A	Credits delivered
Description	The total volume of Credits delivered by the region. Only students who are eligible for credits are included.
Data	FES Data
Term	Definition / Description
Eligible for Credits	Activity for which the course is eligible for Credits.
Extracting data for measure	Include all students where CREDITS GREATER THAN 0

Measure B	Volume and Proportion of Credits delivered to learners in the most deprived 10% postcode areas (SIMD10)
Description	This measure reports on the volume of all activity measured as Credits, delivered to those Scottish-domiciled students from Scottish Index of Multiple Deprivation 10% most deprived datazones (SIMD10), and this volume as a proportion of the total Credits delivered. Only students for whom Credits are claimed are included in Credit figure.
Numerator	The volume of Credits delivered to students from SIMD10
Denominator	The total volume of Credits delivered by the Region

Measure C		Volume and Proportion of Credits delivered to care- experienced students	
Description	<p>This measure reports on the volume of all activity measured as Credits, delivered to care-experienced learners, and this volume as a proportion of the total Credits delivered.</p> <p>Only students for whom Credits are claimed are included in Credit figure.</p>		
Numerator	The volume of Credits delivered to care-experienced learners.		
Denominator	The total volume of Credits delivered by the Region		
Data	FES Data		
Term	Definition / Description	Notes	
Care-experienced	<p>As coded in FES 2: Care-experienced student - code list Y</p> <p>Care-experienced (previously categorised as care leavers and looked after children). The term care-experienced refers to anyone who has been or is currently in care or from a looked-after background at any stage of their life, no matter how short, including adopted children who were previously looked-after. This care may have been provided in one of many different settings such as in residential care, foster care, kinship care or looked after at home with a supervision requirement.</p>		
Extracting data for measure	Include students where CREDITS GREATER THAN 0 AND who fulfil the criteria for the Care-experienced category as stated in the FES Guidance.		

Measure D	Number of senior phase age pupils studying vocational qualifications delivered by colleges	
Description	This measure reports on the total number of senior phase school pupils studying vocational qualifications and foundation apprenticeships delivered by colleges.	
Measure	Total number of students enrolled on these qualifications	
Data	FES Data	
Term	Definition / Description	
SCQF	There are 12 SCQF (Scottish Credit and Qualifications Framework) levels which provide an indication of the complexity of qualifications and learning programmes. Further details on how programmes are allocated an SCQF level can be found at the SCQF website .	SCQF level recorded in FES2 - SCQF level
	Not all programmes offered by colleges are accredited with an SCQF level.	
Vocational Qualifications	For the purposes of this measure, the following qualifications are defined as vocational: <ul style="list-style-type: none"> • Higher National Qualifications (codes DC,DD) • National Certificates (code 33) • Scottish / National Vocational Qualifications (codes 28 & 31) • SQA National Progression Awards (code 35) • SQA Skills for Work Awards (code 36) • Foundation Level Apprenticeship (code 40) 	Qualification Aim field recorded in the FES 2 guidance code list O.

Measure D	Number of senior phase age pupils studying vocational qualifications delivered by colleges	
School Year	S4 S5 (includes FT winter leavers) S6 Other (for Foundation Level Apprenticeships at SCQF level 4 only – all other vocational qualifications aside from Foundation-Level Apprenticeships must count only school years S4 to S6 (including S5 FT winter leavers).	As coded in FES 2 return: category of student - code list G
Students	Enrolment total includes all students returned on FES	
Extracting data for measure	<p>Include all students where the SCQF level is 5 and above AND their school year is between S4 and S6 AND the qualification aim is one of the following vocational qualification: include winter leavers</p> <p>Higher National Qualifications (codes DC,DD)</p> <p>National Certificates (code 33)</p> <p>Scottish / National Vocational Qualifications (codes 28 & 31)</p> <p>SQA National Progression Awards (code 35)</p> <p>SQA Skills for Work Awards (code 36)</p> <p>AND include all students where the SCQF level is 4 and above AND the qualification aim is the following vocational qualification:</p> <p>Foundation Level Apprenticeship (code 40)</p>	

Measure E1	Proportion of enrolled students successfully achieving a recognised qualification (FT & PT)
Description	The number of enrolments completed successfully for each category of duration of programme, for FE and HE as a proportion of the total number of enrolments (completed successful, completed partial success, further withdrawal, early withdrawal) for each category of duration of programme, for FE and HE.
Numerator	The total number of enrolments completed successfully for each level of study and duration of programme.
Denominator	The total number of enrolments for recognised qualifications for each level of study and duration of programme.
Data	FES Data Further information on the SFC Performance Indicators can be found on the Student and staff performance indicators for Scotland's further education colleges section of the SFC website.

Term	Definition / Description	Notes
Completed Successful	The student has successfully completed the course year	Using the following codes in FES 2-Student record outcome: "8" Completed programme / course, student assessed and successful "18" Student has progressed to the next year and has achieved 70% of credits undertaken "20" Student has achieved 70% of credits undertaken but has chosen not to progress to the next year "22" Student completed first year of an HND but has chosen to leave with an HNC "25" Student is on an interim year of a multi-year VQ programme and is on-track

and is still participating in the college programme

Total enrolments	<p>Completed Successful (see above) + Partial success + Further withdrawal + Early Withdrawal Partial success- The student completed the programme but did not gain the qualification Further withdrawal- The student attended after the funding qualifying date but withdrew from their studies before the programme ended Early withdrawal- The student has withdrawn from the programme before the funding qualifying date</p>	<p>Using the following codes in FES 2-Student record outcome:</p> <p>Partial success</p> <p>"7" Completed programme / course, student assessed but not successful</p> <p>"17" Student has progressed to the next year but did not gain 70% of credits undertaken</p> <p>Withdrawal</p> <p>"2" Withdrawn from programme / course and commenced employment</p> <p>"3" Withdrawn from programme / course and now studying in an HEI</p> <p>"4" Withdrawn from programme / course and destination unknown</p> <p>"5" Transferred to another programme / course within the college</p> <p>"10" Withdrawn from programme / course and now studying elsewhere (not an HEI)</p>
Recognised Qualification		<p>Using the following code in FES 1 return:</p> <p>All programmes not coded as Qualification</p> <p>Aim = "PB"</p>
Duration of programme	<p>Duration of programme in hours: for the purposes of OA reporting the hours of duration of programme are grouped as follows:</p>

Extracting data for measure Information on the data required to construct the PIs is available in the College PI [Technical Guidance](#) on the SFC website:

Measure F	The number and proportion of successful learners who have achieved HNC or HND qualifications articulating to degree level courses with advanced standing
Description	HN Scottish-domiciled student entry from Scotland's colleges to Scotland's HEIs: HN leaver analysis & HEI advanced standing summary table.
Numerator	The number of Scottish-domiciled HN entrants from college to undergraduate programmes with advanced standing.
Denominator	Scottish-domiciled HN leavers from college in previous year.
Data	National Articulation Database (compiled from data supplied via FES, HESA, SQA). Data definitions can be found in the Articulation supplement of the ' Report on Widening Access 2020-21 '.
Term	Definition / Description
Advanced Standing	Articulation with Advanced Standing is defined as a student gaining entry into second year of a degree with a Higher National Certificate (HNC) gained at an external college, or into third year with a Higher National Diploma (HND) gained at college in the previous three academic years.
Extracting data for measure	Data for this measure is derived from the National Articulation Database and is available from SFC on request.

Measure G The number and proportion of full-time college qualifiers in work, training and/or further study 3-6 months after qualifying

Description	<p>This measure reports on the number and proportion of full-time qualifiers (excluding senior phase school pupils) who are in positive destinations</p> <p>3-6 months after they qualify. Separate figures are calculated for Further and Higher Education level course qualifiers.</p>
Numerator	Number of students in a positive destination.
Denominator	Number of student with confirmed destinations.
Data	<p>This data is returned on the College Leaver Destinations (CLD) return.</p> <p>Further details are available in the College Data Collections section of the SFC website.</p>

Term	Definition / Description	Notes
Full-time	Any student who undertakes 15 Credits or more, on a single course, in a single academic year (including spanning courses) should be considered full-time. In addition HNC students undertaking 12 Credits in a single year should also be considered full-time.	<p>Coded in FES 1 return: Mode of attendance of programme – code list G and FES 2: Mode of attendance of student – code list E as:</p> <p>“05” Short full-time, “17” - Full-Time and “18” previously met old full-time criteria</p>
Qualifier	The student has successfully completed the course	<p>Using the following codes in FES 2-Student record outcome:</p> <p>“8” Completed programme / course, student assessed and successful or</p>

Measure G	The number and proportion of full-time college qualifiers in work, training and/or further study 3-6 months after qualifying	
		"22" Student completed first year of an HND but has chosen to leave with an HNC
HE Level	Student was on an HE level programme	Coded in FES 1 return: Advanced / Non-advanced programme as: Advanced (HE) = 1, non- advanced (FE) = 2
FE Level	Student was on an FE level programme	
Positive destination	<p>Destination is counted as a positive destination if "Primary Classification" as recorded on CLD return is in:</p> <ul style="list-style-type: none"> • Working full-time (including self-employed / freelance, voluntary or other unpaid work, developing a professional portfolio / creative practice or on an internship). • Working part-time (including self-employed / freelance, voluntary or other unpaid work, developing a professional portfolio / creative practice or on an internship). • Engaged in full-time further study, training or research. • Engaged in part-time further study, training or research. • Due to start a job by 31 March (in following year). 	
Confirmed destination	Destination is counted as a confirmed destination if "Primary Classification" as recorded on CLD return is not "Unconfirmed"	

Measure H Student Satisfaction and Engagement Survey (SSES) – The percentage of students Overall, satisfied with their college experience

Description	This measure reports on the proportion of students overall, satisfied with their college experience.
Numerator	Number of students that ‘strongly agree’ or ‘agree’ that they are; overall, satisfied with their college experience.
Denominator	Total number of responses.
Data	This data is returned on the College Student Satisfaction and Engagement Survey (SSES) return. Further details are available in the latest SSES Guidance on the SFC website.

Measure I: Greenhouse Gas Emissions

Numerator	<p>The institution’s total estimated or actual current baseline greenhouse gas emissions (GHGs) arising from its total operations and activities. Also, as a subset of the total or estimated baseline GHG emissions,</p> <ol style="list-style-type: none"> 1. An actual or estimated figure for scope 1 emissions 2. An actual or estimated figure for scope 2 emissions 3. An actual or estimated figure for scope 3 business travel emissions.
Denominator	<p>The total number of greenhouse gas emissions and specific scope groups are defined by Scottish Government guidance (see below) in line with The Climate Change (Duties of Public Bodies: Reporting Requirements) (Scotland) Order 2015 (includes colleges and universities) as amended by the Climate Change (Duties of Public Bodies: Reporting Requirements) (Scotland) Amendment Order 2020.</p> <p>Targets for greenhouse gas reductions are set out under the Climate Change (Scotland) Act 2009, updated in 2019. Scotland’s interim target by 2030 is to reduce emissions of all major greenhouse gases by at least 75%, compared to a 1990/1995 baseline with a target of net zero by</p>

2045. Climate targets are legally binding in Scotland’s domestic law and set in direct response to the aims of the Paris Agreement to limit global warming to 1.5 degrees Celsius above pre-industrial levels (well below 2 degrees Celsius), and to adapt to the impacts of climate change.

Data Existing datasets may be drawn from institutions’ annual PBBCD responses under Scottish Government carbon emissions reporting (key headline figures only as requested under “numerator” above). Guidance on completing these reports was updated in October 2021, entitled, [Public Sector Leadership on the Global Climate Emergency](#). [EAUC Scotland’s sector Briefing paper](#) summarised key actions for the sector within this guidance. In addition, [Sustainable Scotland Network guidance](#) provides further detail on appropriate metrics to use to complete the annual carbon reporting data fields.

Institutions should clearly highlight actual or estimated data. They may wish to provide short comments on specific improvements in data reporting in-year.

Notes Institutions may wish to refer to other metrics they usually cross-reference in their data collection e.g. HESA EMR data, the [UK-wide Standardised Carbon Emissions Framework](#) *where aligned with* Scottish public sector reporting guidance (above), (S)AUDE, JISC, APUC or other available data points useful in quantifying emissions.

Institutions should note for future reference, the zero direct emissions from estate buildings target by 2038. (EAUC Scotland is working with SFC to create a checklist of key expectations from the SG’s PSLGCE guidance, assisting institutions self-reporting.)

The [SFC Net Zero & Sustainability Framework for Action](#) and the [College Infrastructure Strategy](#) provide further context on SFC’s role in supporting institutions’ net zero journeys.

Annex: SFC College Sector National Measures Template

1. We ask that institutions share their ambitions towards the above priorities over the 2023-24 academic session and provide aspirations for each of the national measures. A data template, populated with available data up to academic year 2021-22, will be sent to institutions.
2. This table will be re-issued to institutions in January, updated to include available data for AY 2022-23. This will allow institutions to revise aspirations if needs be. At this point, SFC will also issue a 'summary' version showing the sector's progress against the national measures.
3. SFC require institutions to submit their data with the final OA: for analysis of individual projections and for aggregation at sector level; and data will be published as part of the final Outcome Agreements.
