# Accounts Direction for Scotland's Colleges 2022-23: Detailed Notes for Guidance on Completion of 2022-23 Financial Statements

## Introduction

1. These guidance notes are designed to supplement the Scottish Funding Council's Accounts Direction.
2. The guidance has been prepared with a view to improving the quality and consistency of financial reporting throughout the college sector.

## General

3. The Statement of Recommended Practice for Further and Higher Education (SORP) was issued in October 2018 and is effective for accounting periods beginning on or after 1 January 2019. The SORP reflects the changes to UK Generally Accepted Accounting Practice following the issue of FRS 100, 101 and 102. A copy of the SORP and supporting materials can be found on the [BUFDG website](#).
4. As noted in the SORP, institutions<sup>1</sup> must apply all requirements under FRS 102 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', relevant legislation and accounts direction from Funding Bodies applicable to the institution.
5. Incorporated colleges and Glasgow Colleges' Regional Board<sup>2</sup> are also required to comply with the Financial Reporting Manual (FReM) and the Scottish Public Finance Manual (SPFM).

## SFC and Regional Strategic Body Funding

6. The note analysing SFC grants or grants funded by Regional Strategic Bodies (RSBs) should provide sufficient information to allow the reader to understand the major types of grant received from each funding body. **Annex A** contains a model note which institutions should adopt as far as possible.
7. Any significant one-off or ring-fenced grants should be identified on a separate line.

---

<sup>1</sup> The term institution includes colleges and Glasgow Colleges' Regional Board.

<sup>2</sup> Glasgow Colleges' Regional Board's accounts are prepared on a consolidated basis, incorporating the results of City of Glasgow College, Glasgow Clyde College and Glasgow Kelvin College. New College Lanarkshire's accounts are also prepared on a consolidated basis, incorporating the results of South Lanarkshire College.

While smaller grants may be grouped together under the heading “other”, this should not represent a significant portion (i.e. more than 20%) of the total grants received.

## Tuition Fees and Education Contracts

8. Institutions should analyse tuition fees and contracts in accordance with the model notes given in **Annex B**.

## Grants from Arms-Length Foundations

9. Institutions should disclose separately any revenue or capital grants received from arms-length foundations.

## Student Support Funds

10. Paragraph 16.9 of the SORP states that “Where the institution disburses funds it has received as paying agent on behalf of a funding body or other body, and has no beneficial interest or risks related to the receipt and subsequent disbursement of the funds, these funds should be excluded from the Statement of Comprehensive Income of the institution.”
11. What constitutes an agency arrangement will depend upon each individual fund and its own individual characteristics. However, the following can be considered to be agency arrangements:
  - Further Education bursary funds.
  - Discretionary funds.
  - Education maintenance allowances.
12. Accordingly, these should be excluded from the Statement of Comprehensive Income and the movements disclosed in a note to the accounts. Where incorporated colleges have used the cash budget for priorities<sup>3</sup> to fund student support costs in excess of funding they should record this expenditure in the Statement of Comprehensive Income. To ensure comparability between institutions, we recommend that the standard note shown in **Annex C** is adopted.
13. FE and HE childcare funds received by institutions should be included in the main Statement of Comprehensive Income as institutions have more discretion in the manner in which these funds are disbursed and these funds do not therefore meet the definition

---

<sup>3</sup> Glasgow Colleges’ Regional Board does not itself have a cash budget for priorities but the consolidated position of the assigned colleges should be reflected in the regional accounts.

of agency funds. The income from childcare funds should be identified as a separate line in the Scottish Funding Council income note. Related expenditure from the fund should be shown as a separate line within the appropriate expenditure heading. A note of the movements on childcare funds should be disclosed in the notes in accordance with the model note given in **Annex C**. The guidance section on the SFC website provides further details of childcare guidance for FE and HE students studying at colleges.

14. Any in-year redistributions agreed by SFC should also be reflected in the notes. Amounts to be recovered should be identified as repayable to SFC or other body in the student support fund note.
15. Institutions should have in place systems which minimise incorrect payments of student support funds. However, where there has been overpayment for any reason and funds are recovered these should be credited to the fund balance at the time of recovery. The administrative costs of recovering these overpayments, in line with other administrative costs relating to student support fund payments, should be met from core funds.
16. A link to extant guidance relevant to non-advanced student support funds from SFC is given in **Annex D**.

## Staff Costs

17. For consistency and clarity the headings shown in the staff costs note should be analysed as shown in **Annex E**. As in previous years, agency staff costs should be included as a separate line under 'Other operating expenses'.
18. The full harmonisation costs of National Bargaining support staff and middle management will not be confirmed until the national Job Evaluation exercise is carried out, the outcome of which will be implemented with effect from 1 September 2018. Support staff and middle management Job Evaluation costs (and associated grant) should be accounted for, based on Colleges Scotland's February 2019 costings.

## Non-profit Distributing Projects

19. In accounting for the unitary charge payment, the split between the running cost and loan repayment elements should be disclosed in the notes to the financial statements.

## Donations to Arms-length Foundations

20. Any donation to an arms-length foundation should be disclosed above the operating surplus line, under the expenditure headings, in the Statement of Comprehensive Income. The donation should be clearly disclosed in order to ensure transparency within the annual report and accounts.

## Summary Pension Note

21. A model summary pension note disclosing SOCI charges and Balance Sheet movements is shown at **Annex F**. The suggested note is included within the guidance notes with a view to generating consistency of reporting between colleges of the key SOCI charges and Balance Sheet movements. The suggested note will form part of the wider disclosures on pensions required in the accounts though this additional information is not reflected in **Annex F**. It is important that the note sets out the non-cash movements charged to the SOCI (service costs and net interest cost) as these will also be disclosed and cross-referenced on the adjusted operating position table.
