Call for Evidence: A Review of Coherent Provision and Sustainability in Further and Higher Education

SFC Call for Information

Issue Date: 20 July 2020

A Review of Coherent Provision and Sustainability in Further and Higher Education: Call for Evidence

1. The Scottish Funding Council (SFC) is the national, strategic body that funds further and higher education, and research, in Scotland. We have been asked by Scottish Ministers to review how best we can fulfil our mission of securing coherent provision by post-16 education bodies, and the undertaking of research, in these changing times. A [briefing note on the review](#) can be found on the SFC website.
2. We invite all interested individuals and organisations to submit evidence to help inform and shape our review. We particularly welcome responses from colleges and universities, students and learners, graduates, industry and employers, local government, equalities interests, unions, quality assessors, other SFC funded bodies, professional representative bodies and academies. Annex A lists the key stakeholders we anticipate will be interested in responding to this call for evidence.
3. It would be helpful if you could provide succinct submissions by **10 August 2020**. We would welcome evidence and data that supports your view. You may choose to respond to any aspect of this review; and any or all of the specific questions we pose, as we recognise the inter-connectedness of many of the themes. Please complete the attached respondent information form (Annex B) when submitting your response.
4. This will not be your only opportunity to contribute to our review. We are planning to undertake the review in a number of phases and to elicit views in different ways, including further calls for evidence. We anticipate that responding organisations will wish to provide additional input and evolving views as the review progresses.
5. In this first phase of our review we are interested in your views on these six areas in particular:
 - a) What do you think works well in the current further and higher education arrangements that we should keep in order to secure Scotland's inclusive social and economic recovery from the current pandemic? How can we best preserve and strengthen those features of education, research and innovation in Scotland that we most prize, in a very challenging funding environment?
 - b) What do you think colleges, universities and specialist institutions should stop doing, or do differently, in order to contribute effectively to an inclusive social and economic recovery? (You may wish to comment on teaching and skills development, sectoral and employer needs and employability, research, innovation and knowledge exchange, widening access and equalities issues.)

- c) How can colleges, universities and specialist institutions best support Scotland's international connectedness and competitiveness in the post-pandemic, post-EU membership environment?
- d) What opportunities and threats does the post-pandemic environment hold for colleges, universities and specialist institutions? For institutional leaders, how are you planning to address these challenges and opportunities?
- e) What forms of collaboration within the tertiary education eco-system would best enable a coherent and effective response to these challenges and opportunities?
- f) How can SFC, alongside government and other enterprise, skills and education-focused agencies, best support colleges, universities and specialist institutions to make their full contribution to Scotland's inclusive, green and education-led recovery? In particular, you may wish to draw out:
- How scarce public resources should be prioritised to drive recovery
 - Particular areas of collaboration between agencies that would best support the sectors' contributions
 - Adaptations to SFC's funding and accountability frameworks to promote agile and collaborative action by the sectors to build Scotland's recovery
 - How SFC's funding and accountability frameworks should ensure that equality and wide access to educational opportunity are promoted as key elements of the recovery for younger people and adults
 - What support SFC and government could give institutions to adapt to a changed environment

6. Please send your response or any queries to reviewsecretariat@sfc.ac.uk by **10 August 2020**. We look forward to receiving your views.

SFC Review Secretariat
July 2020

Stakeholders likely to be interested in responding

- Colleges, universities, specialist institutions (and their representative bodies) and other funded bodies
- UK counterparts
- Audit Scotland, Education Scotland and QAA
- Enterprise & Skills Strategic Board and agencies
- NUS, sparqs, student bodies, learners, SAAS
- Employers and industry
- NHS
- RSE
- Cultural bodies
- Trade Unions
- EHRC and equality interests
- Local Authorities and Scottish Cities Alliance
- Expert advisers, e.g. Chief Scientific Adviser
- Development bodies, e.g. College Development Network (CDN), Advance HE
- Community and adult learning

Respondent Information Form

Please indicate how you wish your response to be handled and, in particular, whether you are content for your response to be published. If you ask for your response not to be published, we will regard it as confidential, and we will treat it accordingly.

All respondents should be aware that the Scottish Funding Council is subject to the provisions of the Freedom of Information (Scotland) Act 2002 and would therefore have to consider any request made to it under the Act for information relating to responses made to this consultation exercise.
