

**Tackling Child Poverty Delivery Plan
2020-21 – Proposal Bid**

This pro-forma is used to capture how proposed activity could contribute to reducing current levels of child poverty - particularly for those most at risk. Bids can also be presented that build on existing projects and all proposals must demonstrate clear outcomes that help achieve the 2030 targets¹ set by the Child Poverty (Scotland) Act 2017.

One pro-forma should be completed for each initiative. **Please keep the information provided to a minimum and present in a clear and concise format.**
